

Aughton Christ Church C of E Primary School – British Values Overview

British Value	Impact	Statement	Evidence
Mutual Respect and the Tolerance of those with different Faiths and Beliefs	Children can articulate why respect is important; how they show respect to others and how they feel about it for themselves. Children’s behaviour demonstrates their good understanding of this value in action. Children are able to talk about the different faiths and cultures they learn about, ask questions and show tolerance and respect for others of different faiths and religions.	Respect is a fundamental school value, around which pivots much of the work of the school. We pay explicit attention to this as part of our RE, PHSE, and SMSC curriculum. Respect is a school value that is discussed deeply, starting with self-respect and covering respect for family, friends, and other groups; the world and its people; and the environment.	Reflective areas in classrooms with a focus on our Christian values. Whole school Displays reflect values. PSHE Sessions. Ugandan school link – Koch Goma in Gulu. Year 2 project on Uganda. Collective Worship and children participation in worship. RE curriculum and RE planning and workbooks. Visits to different religious places of worship. Learning Walks for behaviour.
Democracy	Children are able to work co-operatively in pairs and groups as well as in whole class situations. They understand about turn taking and respecting the views of others. Children in KS2 in particular are able to use the language of respect. All children in school also understand the need to elect members to the school council and understand the process of standing for election and a voting system.	The children at Aughton Christ Church C of E Primary see democracy borne out in a whole variety of ways and see this as being an essential component of successful team working. Democracy is a school value that children meet when discussing respect and fairness.	The establishment of a new School Council, Worship Warriors, Head Pupils and Sports Council each year models the democratic process. RE planning and work books. Learning Walks for behaviour.
Rule of Law	Children are able to articulate how and why we need to behave in school and demonstrate they understand and can abide by these. They are able to discuss and debate philosophical issues in relation to these.	The children at Aughton Christ Church C of E Primary are familiar with this concept through the philosophy that infuses the entire work of the school. They are familiar with the concept through the discussion of values and, in RE lessons, the idea that different religions have guiding principles. Children are used to debating and discussing laws/rules and their application. Children are familiar with the local police who visit to talk to them informally.	School rules/ class rules, learning behaviours, school Christian values. PSHE/citizenship lessons on the role of law and parliament. School Council meetings, collective worship, RE planning and work books. Learning walks for behaviour and behaviour for learning.
Individual Liberty	Children understand about the importance of accepting responsibility and of their right to be heard in school. They are consulted on many aspects of school life and demonstrate independence of thought and action.	Our Values based discussions and acts of worship begin with discussion about the self, e.g. self – respect and self-worth in relation to the individual value so that children see that they are important in their own right. The philosophy of our teaching and learning places emphasis on the right to have our own thoughts and evidence based views. Children are strongly encouraged to develop independence in learning and to think for themselves.	Children are able to show independence in learning and to think for themselves. P.S.H.E sessions. Children in Year 6 support other children through their monitor roles in school.
