

SERVICE

**'Serve one
another in love.'**

Galatians 5.13

Service is....

Spending time on others

Enjoying giving help

Responsibility in action

Volunteering willingly

I second, you first

Committing to a task

Everyone offering their talents and gifts

TASK 1

Read the short poem on your left.

Which line do you think is the most important and why?

Can you think of an example when you've done something which it says in one of the lines of the poem?

Share these ideas with your family.

TASK 2

Whilst there are many acts of service in our community, there can also be many examples in our homes. I am asking everyone to think what this might look like in **their own home** and anyone who wishes to send in a photo of an examples of **service** they are doing. This could be washing the dishes, brushing up, or looking after a pet to help at home. All these things help our families and parents at this time. We are going to be creating a short compilations of examples of service in our community which will go on our Website next week. Please send photos as usual to;

- photos@aughtonchristchurch.lancs.sch.uk
- Please send in the email with the title **Service** and the **child's first name** and **Year group** and keep the **photo landscape if possible**.

If families also have photos of parents and family members serving others at this time that they wish to share please send them in as well. Lets share how we are all serving and supporting each other as a whole community.

Never has one of our **'Christian School Values'** been so appropriate as now. All around us we are seeing amazing examples of **service** as many people are working hard to help others. In Particular, our key workers and members of the NHS continue to help others and put others first every day. We can see the value of **service** all around us. This value will be our focus as a community for the next 6 weeks. Please start to consider this by reading the short poem opposite with your family and **if you feel**, join in our task this week.
